EXPERIENCE

Alkemy Labs (2021)

- I am part of a JavaScript team, where we are developing a website for an ONG.
- We use technologies like ReactJS, MySQL, and NodeJS.

TECHNICAL SKILLS

MAIN PROJECTS

Portfolio (https://souto751.github.io/portfolio/)

- My portfolio, developed with ReactJS.
- Responsive Design.

Watchlist (https://souto751.github.io/watchlist/)

- This is a website for the series, movies and animes that my couple and I have watched.
- Developed with ReactJS, and hosted on GitHub Pages.
- Responsive Design.

EDUCATION

2020 - Present

Mar del Plata, Argentina

Higher Technique in Systems Analysis

Instituto Superior de Formación Técnica (ISFT) N° 151

LANGUAGES

- Spanish: Native

- English: Intermediate

INTERESTS

- ✓ Learn new development languages and upgrade my skills about the ones I know.
- ✓ Keep updated about new technologies.
- ✓ Play videogames, and maybe in the future work on projects related.
- ✓ Keep updating my knowledge about development languages, through YouTube videos or platforms (for example Udemy).
